## PREFACE

What you will learn from reading this book. That Jesus is God the father. That Jesus is not the seed of Joseph Messiah. That Jesus never died on a cross to pay for anyone's sins. That Jesus is not going to heal anyone's job injuries, to save big business money, anymore than he's going to heal a murdered victim, so the murderer doesn't have to pay. How none of the world religions have the truth and the Antichrist teaches in the church, as if he was God. Then I teach a new religion, as Jesus taught that those who believe in him, would never die and all Christians, Jews, Muslims and Hindus die in their sins. If you're perfectly happy that you will die in your sins, this book is probably not for you. I'm not trying to convince people to leave Christianity to join Islam, as Mohammed may be the false prophet the Bible was talking about. If Mohammed didn't see God, he is a false prophet. You cannot know God, without seeing God. Only the atheists, believe in a invisible God.

When Moses saw God, the editors claimed he saw a burning bush, Exodus 24:9-11. When my Gospel was sent to several religious publishers, they stated that the book was not their genre. Which means it talks about God as if He was real. All those "who go to school long enough to become editors," learn about God as a myth or invisible spirit. If you don't accept what they teach, you cannot get a degree to be an editor. They take from the tree of knowledge. Everything they know comes from books that were not inspired by God. They were edited and inspired by the wisest of all creatures, the serpent, Genesis 3:1-13. True believers, cannot emotionally handle going to school long enough to become an editor. It hurts to hear lies being taught about God. When unbelieving writers twist the word of God around, it makes it sound ridiculous. When I told them that I saw God, they claimed that I saw Mickey Mouse. Mickey Mouse is not real and does not have the power to become visible. God is real and He is made visible by His power.

This book was written and edited by me. I feel its message would be changed if edited by someone who did not see God. The message might be hard for an unbelieving editor to interpret correctly. Only those who have the same experience can relate. Also, I do not feel that my message should be changed, just because I read and write at a fourth grade level. Although a spell checker and Grammatik were used. Grammar might be a little off and the words might not be so distinguished, but the message should be more clear to those who are not College educated. Most books are written and edited by College graduates and people with high school or below education could have a difficult time understanding them. I know from my own experience. Forgive me if I am not perfect, you might find some errors.

When I told religious leaders I saw God, the first thing they said was nobody can see God. When I convince them God has power to become visible, God has appeared to many people in the Bible and showed the Bible verses, they asked why would God appear to me. How come God didn't appear to the Pope, the President or Mother Teresa? Or even Doctor Phil or Oprah Winfrey?

In the Bible God created man. He ordained the prophet from the womb. God had created David to be king. David was the seventh born. When I told a Baptist minister that I was from a poor family of 10, with seven sisters and was the last born, he said greater than David is here.

Who you are, is not your job occupation, how famous you are, how much money you have or your education level. One of the first books I read was called, "know thyself." It's a famous saying from long ago. It is the goal and purpose of life to know ourselves. To know who

we are.

I believe I was created, to seek to see God. I am a truth seeker. Just like Moses, Abraham, Isaac and Jacob. God appeared to me, because I sought him with all my heart, all my mind and all my soul, until I saw him. The Popes, the Presidents, Mother Teresa, Doctor Phil and Oprah Winfrey did not do this. This is why they haven't seen God. I don't believe I'm different than anyone else. Anyone can see God. If you haven't seen him, you have not searched with all your heart, with all your mind and all your soul. Seek the Lord while he may be found. For the time will come when many will seek him and not find him. The holy Quran says in Surah 92:20, that the goal of the righteous, is to seek the face of God Most High.

In this world of different religions, there is much confusion about whom God is. Understanding God might be easier, if we analyze what God is not. God is not a Christian, Buddhist nor Muslim. He is not Taoist, Jewish, or Hindu. Not Baptist, Mormon or even a Jehovah Witness. God is not Atheist either, He believes in Himself. God is what He is.

Jesus was not a Christian. The Jews claim He was a Jew, but that does not mean He was Jewish. The problem with organized religions, is that they are not Timist. A Timist is one who keeps up with the times. Jesus honored God, therefore He was a Timothean. With God's help maybe we can convert all into Timotheans. Timothy means "he who honors God." A Timothean is one who honors God. God is against organized religions. Because when people gather together, they make themselves gods. Where there is one, God is with Him. Jesus did not belong to any religion, He believed in Himself.

God is a Timonist. A Timonist is one who hates Mortals. The reason why people are Mortal is because they sinned against God. The penalty for sin is death. Parents are reluctant to teach their children that the reason why we die is because we sinned against God. Everyone who is a Mortal is a enemy to God.

Not in the History of creation has a righteous man grown old and died. If there was a righteous man, he would be the Messiah. The messiah is a man, anointed by God, to redeem man from Adam's Mortal fall. To know God is complete righteousness. What you think is sin is not sin. What the church teaches you is sin is not a sin. God is the only one who determines what sin is. Nudity is not a sin. We were born naked, if anything, it is a sin to wear clothing. Sex is not a sin. God invented sex and his rule was to be fruitful and multiply. Anger is not a sin. God is more angry than any mortal. The only sin there is, is to set up a false image of God in your heart. If there was a righteous man upon earth, he would be murdered by the mortals. There is nothing wrong with nudity or sex. God created both Nudity and sex. There are no righteous men on earth, not even one, Psalm 14:1-3. Working with your hands is a sin, Revelation 9:20. So the penalty for work is death, that quote makes me King Messiah. Men age because they work and men who don't work, are murdered by the mortals who do. No matter what job men have, by working they destroy the Earth. God created the earth in six days and rested on the Sabbath. This is the Sabbath. All work is finished. The earth is a natural ecosystem. The only thing you can achieve by working is destroying the gifts of God. Food grows on trees. Even the Amish destroy the earth by farming, tilling the soil. And they cut down trees to build barns and wagons. I don't know if you have checked the latest coronavirus statistics, but there is very little Covid19, in Amish communities. Some say that's because they don't have televisions to give them fake news. But I believe it's because they are not into material possessions made with men's hands. The Amish have no telephones, TV sets, automobiles or even bicycles.

If we don't work, how will we survive? The fish in the sea never worry about over population or starvation. For the more fish there are in the sea the more they have to eat. Nature sees nothing wrong with cannibalism. Men are taught as children to wear clothing and are forced to eat carrots, spinach and cod liver oil. When a child puts a leaf, grass or grasshopper in its mouth, the religious parents yell "Don't eat that." Every man who has a job will surely die in his sins. Those who don't have jobs will kill those who do. Doctors and Universities, brain wash people the same way David Koresh and Heavens Gate were brain washed to believe they would catch a ride on a comet. Except David Koresh used civilized ways of brain washing and doctors use electric shock therapy, drugs and operations to brain wash people.

The Government that they will not destroy, nor give to other people, is the Timocracy. In Plato's Politics, a Timocracy is a Government where love, honor and the Glory of God are the primary principals of the rulers. In Aristotle's Politics, a Timocracy is where political power is in proportion to Land possession. Nature allots each man and animal a portion of Land. A Timocracy is a new world Government that will prepare men to see God and become immortal. Before God created the World, King Messiahs name was in His mind. When I said that the purpose of Life, is to see God, that made me Messiah. In the Timocracy, the number one occupation will be to learn about God. When I exulted Jesus to being God, that made me Messiah. The time will come when both faithful and the faithless men will see God. Messiah means anointed by God. God does not anoint himself.

When God appears, you will know the God of Timothy. If they have not seen God, they do not know God. God appeared to Abraham, Jacob, Moses and here is a quote from Job 4:13-21, 5:1. In the visions of the night, when deep sleep falls upon men, fear came upon me, which made my bones to shake. Then a spirit passed before my face; the hair of my head stood up. It stood still, but I could not discern it's form; an image was before my eyes, there was silence, and I heard a voice saying, Shall mortal man be more just than God? Shall a man be more pure than his maker? He puts no trust in His angels, how much less in men? They are destroyed from morning to evening. They parish from generation to generation, without ever obtaining wisdom. Ask now the teacher, or to which of the saints will you turn? All the saints are dead. Killed by cancer, War and old age. Men are oppressed by the hand of God, but no one ever asked "Where is God my Maker?" Job 35:9,10. Surely God will not hear vanity, although you said, "I shall not see God" yet judgment is before Him, therefore trust in God. But now, because your words are not so, God has visited you in his anger. Therefore did Job open his mouth in vain, he multiplied his words without having knowledge, Job 35:13-16. Job said, even if worms destroy my body, while alive in the flesh, I shall see God. If only my words were written in stone, for I have heard of God with my ears, but now my eyes have seen God, who I beheld for myself and not another, Job 19:23-27, 42:5-7. His vision inspired him to write his book.

God is our Father, when you see Him, you will recognize Him. When I look into a mirror, I see the resemblance. Man is not invisible, neither is God. God moved over the surface of the water and seen His image and He created man in His likeness, Genesis 1:2,26,27. Do not pray for material things, pray to see God. Pray to know God and He will give all these things to you. Pray that you are worthy to stand before God. God is more visible than His creation. To claim that Gods creation is more real than God Himself, would be insanity. He gave man eyes to see Him with, ears to hear His voice and arms to embrace Him.

I am not claiming that seeing God is easy. Finding the creator is very hard. The more

you know about God the easier it will be to find Him. I cannot guarantee that you will see God. I can guarantee that you will not see God, if you do not know you can. All doubt must be removed from your mind. There must be a desire to see Him. We seek to see the one we love. The original Christian Gospel promised the faithful a vision of the one God. The more we hear about people who have seen God, the easier it will be to find Him. Faith comes by hearing the stories of those who saw God. Ask and you shall receive, seek and you shall find. Believe and you will see, see and you will believe, for seeing is believing. To claim to know God without seeing Him, could be blasphemy. Keep seeking until you find.

## **INTRODUCTION**

Caution, this material could change your beliefs. It must be read with an open mind. Clear everything you were taught about God in the past and read this Gospel in the present moment. Try not to stop reading or make judgments until you have read the whole book. Then you will learn more about God than the scholars. We were never wrong about God, we were only taught lies about Him. We only know what we are taught. We are what we know and to learn is to change.

Some of the things I teach in this book is; man is Mortal because of his ignorance; heaven that God created is in this world; God is not religious; God has no name; all men must be saved or no man can be saved and the true God has the power to make Himself visible anywhere and anytime. I try to reprogram the false beliefs taught by the early Church Babylon, they taught that no one can see God, Isaiah 47:10. This book is based on my own experience for I have seen God for myself. I believe it will prepare the world to see God and to show the reasons for evil.

This Gospel will prove God's existence. God proves His existence by His witnesses and I don't mean Jehovah witnesses. You will meet people who have seen God. The goal of the Gospel is to save men. Men are already under the penalty of death. Salvation comes by preaching God incarnate. The Gospel is God incarnate in visible flesh and blood to redeem men from the fall. This is the good news, that is not suppose to frighten people. We are not suppose to fear seeing God. There is no fear in love. God appeared to Abraham, Genesis 18:1, Moses, Exodus, 3:16, and Jacob, Genesis 35:9, 32:30. It was Moses who was afraid to look at God, Exodus 3:6. Only mortals have not seen God. The goal of man is to know God and become immortal. Mortal man has never known God, if he did he would be immortal.

We like to listen to someone who is one of us. When a Jew sees a Christian, he immediately thinks of him as the enemy. If a Christian says he is a Jewish Rabbi, the Jews will listen, thinking the Christian is one of them. Moses the Hebrew, overthrew the Egyptians by becoming one of them. He convinced them that taking one day a week rest was an Egyptian idea. If we think, someone is on our side we will listen to them. To use the old testament to show the Jews that God is and was visible, is to convert them to Christianity. To teach a Christian the definition of the name Christian, would convert them to Judaism or Atheism. Don't believe in any God, until you see Him. Once all the people "who believe in God" believe that He is visible, there will be no Atheist or Gentiles. Atheist claim, that God cannot exist because of the differences in the church. Yet Atheist do not understand that all religions are false. The best way to convert an Atheist is to become one. When we convert to the beliefs of our friends that is called peer pressure. It is important not to receive a label to be able to get at the truth.

Christian means "Christ I am." Antichrist, claims to be Christ, only Christ can be Christ. Those claiming to be a Christian without seeing Christ, are Antichrist. God lives in the tabernacle of Jesus the Christ. The spirit of the Antichrist lives in the body of every man born of Adam. When you see Christ, you become Christ. We are what we see. Only those who have seen Christ can claim to be a true born again Christian.

The best way to interpret the Bible, is to look up the words in a Dictionary. If you have someone interpret the Bible for you, your listening to Satan. Plato said, before conversation can take place the terms have to be defined. According to Webster's Dictionary, the word "appeared" means to come forth "be visible." The Lord God said "let the dry land appear," Genesis 1:9. When the Judge says to appear in court, he wants your body not your spirit. When God appears, He is there in person. Satan is a teacher of lies and he deceives us by changing the meaning of

Gods words. Seek God, until God appears.

Opinions are based on what we were taught and what we learn by experience. We are never wrong. We must look to the person or institutions who taught us what we know. If I don't agree with someone, I might ask who taught them what they know and compare it with who taught me what I know. Experience is the best teacher. We can be taught lies, but only experience can change lies into truth. We must learn from experience. If we take from the tree of knowledge, it is a sin. I try to teach what I learn from experience. Christians may be taught that God heals injuries, but experience, will prove that God does not heal injuries.

We only know what we are taught. If we find a false belief, we will hold on to it as if it were truth. We were taught that the Statue of Justice stood for truth and Justice. In reality, every righteous man that stood for truth, Plato, Socrates and even Jesus, were killed by the false beliefs of those who serve the image of the Statue of Justice. Doctors, lawyers, and judges all take from the tree of knowledge and serve this image. They never had the disease or injuries and yet they are made to judge. All crime is caused by disabled people trying to make a living. Because of the doctors that serve the image, the disabled cannot prove they are disabled. A doctor can never be an expert on a disease or injury unless he has it. Even then, he must understand that not all men are alike. There are many disabled people in prison and they can't prove it. Most of them are in denial of their disability. Just like we cannot prove a murderer is innocent or Guilty. Guilty men get set free and innocent men get sent to prison. It is easier to admit to having alcoholism, than to admit to being disabled. We cannot prove that God exist, even though millions believe in him. The only way to change the world, is to change the teachers and unless every doctor Lawyer and Judge is disabled, in some kind of Nuclear holocaust, they will not be able to learn.

Teach a man to drive a taxi and he is a taxi driver. Teach a taxi driver to drive a truck and he is a truck driver, to operate a computer then a computer operator. Whatever a man is taught, that's what a man is. Teach him Judaism and he is a Jew, Christianity a Christian. Teach the things of God, he will be Like God. Teaching others about God is the purpose of writing this book. However, I could be wrong on some things but I am willing to be taught.

This is the 1990's and we are still living with the beliefs of the stone ages. The Justice system was set up by the Greek and Roman empire over 2,000 years ago. Religions were handed down from generation to generation. All the religious, along with their false beliefs, have died. Their false beliefs killed them. It's time to realize that the people back then might have been insane and we should look at the facts. There should be a new rule, if a person dies, his beliefs should die with him. Many people will quote the Bible verse, where God says they sinned by leaving the God of their fathers. Because of that verse they refuse to change their religion. But what they don't realize is that their forefathers have changed their religion thousands of years ago. And it's about getting back to the true religion before Christianity, Islam, Judaism or Hinduism was ever invented. Moses was not Jewish he was Hebrew. Abraham was not a Jew and I don't think he was even a Hebrew. These people saw God, that was their religion. This is the God people should have never left and it is what the Bible was talking about.

The truth should make you free. If you ask most people in prison, they will tell you otherwise. Confessing the truth put them in jail. There is no freedom of speech, everything you say will be used against you. There are a lot of cigarette smokers in Prison. Smoking is such an addictive drug that the police can put you in an interrogation room and not give you a cigarette until you confess to a crime you did not commit. The addiction to tobacco is so strong, that after

five hours of interrogation without a cigarette you will confess to killing Jimmy Hoffa just to get a cigarette. The only true Justice is Gods Judgement on Judgement day. Where God will Judge the World by Nuclear War. Be afraid of the Sword, for Gods wrath brings forth the punishment by War, that the Living might know that there will be a Judgement, Job 19:29. Nuclear weapons were created to defend truth. They will only learn when Nuclear weapons blow the arms and legs off of all those who believed Doctors or the dead Jesus would heal them.

My book generates one of two reactions from people. The nonbeliever usually laughs and thinks I'm nuts and the believer seems to be a little frightened. I don't mean to cause either reaction. The Gospel means "Good News" and is intended to make people happy. I saw God, you should not be frightened, and that is the Gospel. The righteous shall never die and Judgement day is for the wicked doctors, lawyers and Judges, who serve the image of the beast. There are only two kinds of people in the world, those seeking to see God and those who are not. The doctors lawyers and Judges are not seeking to see God. Furthermore, they throw those who have seen God in prison or mental institutions. Serve God only and don't be frightened. Caduceus is one of the 666 marks of the beast. Doctors serve this image. There are 665 more images of the beast. Book of Revelation says to count them.

Confession of faith is all that is needed for salvation. Believe that I saw God and confess this to others, then that's a confession of faith. Believe that you will see God and confess it, then that's a confession of faith. Confession will lead to salvation. It does not matter what you did in the past. The sin, which leads to death, is to set up a false image of God. Believe in the second coming, then tell the gentiles that you will see God. If you do not have enough faith, then use my faith. Christ is God visibly incarnate. I told a stranger that I was going to see God and the next man who I seen, was God. All men will die because of sin. But those who see God are born again as a immortal son of God. Those who are not immortal, are not saved and those who cannot confess that they will see God, do not believe that God exist or they don't believe that God has the power to make Himself visible.

The bad news is that you cannot see God when you're dead. There are no dead people in heaven. God is forever alive and those who know Him will live forever. Those who have not seen Him, do not know Him. They are under the penalty of death, for the penalty for sin is death. I would never lie to my children about the reason why we die. We die because we sinned against God. People who lie to their children and tell them that they go to heaven when they die, should be locked up in the psychiatric ward of a mental hospital. God has the power to make Himself visible and known. Those who do not believe this do not believe in God. Those who don't have the faith to see Him while alive, won't have the faith to see Him when they're dead. There are those seeking to see God and those who are not. The false religions are those who think they know God and they refuse to seek Him. They never seen Him and they claim to know Him. Seek to see God while you're alive, if you wait until you're dead it will be too late.

I don't mean for this to sound like a sermon, I am not religious. Catholics and Christians have rejected my book on the basis that they think that God lives inside themselves, making them God. I don't profess to know all the answers. This book is based on what I have seen and what I learned by experience. Some is opinion and some is theory. In this world nothing can be proven. The minute you prove that the world is flat, God will make it round. You prove that man cannot walk on water and man will ski on water. With God all things are possible. Truth can only come from above and perhaps there is no truth on earth. I would rather be considered a teacher, than a preacher.

The Book tells how I saw God in the flesh and tells my opinion on the reasons why there is evil in this world. The Bible plainly states “the evil have not seen God, 3 John 11” and you should never learn about God from someone who has not seen Him. I believe that my book will prepare the earth for God's return. Both the faithful and faithless men will see God. If not by their faith, then by mine. All that is required of men is for them to ask God to show Himself to them. God does not like to reveal Himself to people before they are prepared. When the devotee is ready, the teacher will appear. Only when man sees God can he keep his Laws. The Law of the torah can only be kept in Israel. The name “Israel” means, the man that sees God.

### **Salvation comes in three steps.**

- I Belief, believe that you will see God. Belief is what you think is true.
- II Faith, know that you will see God. Faith is what you know is true.
- III Manifestation, God visibly incarnate in the flesh. Manifestation, is the visible incarnation of the things from the invisible world. Manifestation is everything visible in this material world. He spoke and His word became matter. God said let the dry lands appear and it was there. That which was once invisible became visible.

God is matter. Einstein said  $E=MC$  squared . Which means energy equals matter, moving at the speed of light. Before the word of God, there was no God. The Word was with God. The word was God. When there was silence there was no God. Everything that exists is God. God evolved and is still evolving by His word. The word became flesh or matter.

God created everything by evolution. It took longer than six thousand years. There are many different definitions of the word "day." There are our twenty-four hour days. But, before the earth was created there were celestial days. They equal about twenty six thousand years. The early church fathers did not have the Hubble telescope. They did not know enough about the stars to know about celestial days. God is what He is, in the way that He never changes, but changing is one of His attributes, so He never stops changing.

If a preacher says you are saved, that preacher is a liar. Only God can save people. The preacher cannot even guarantee his own salvation. Timothy was a man of God and yet he was not guaranteed salvation, 1 Timothy 4:16. He had to study the Bible and learn more about God from other books. Timothy relied on God to save him, not on Paul.

The Gospel of Timothy dissolves false teachings, by experience, reason, common sense and informative sources. It is based on my true story of seeing God in California, in 1985. I knew that there was a God who had the power to make Himself visible. I sought Him, until I seen Him. This book tells about my experiences.

There are many people who have seen God. This book gives testimonies, from every religion. An Antichrist is against Christ, who is God visibly incarnate. Antichrist wants power and control. When people see God, the Antichrist loses power. The purpose of the Gospel is to destroy the Antichrist by teaching about the God who has power to make Himself visible. God is visible, the Antichrist is a deceiving spirit, that lives in all mortal men. Once the Antichrist is destroyed, Christ will return and death will come to an end. If you have not seen God, search for those who have seen Him and find out how they did it. You won't meet very many people in person who have seen God, but those who see God write books.

The Antichrist says the exact opposite of what God says. Moses was called the false prophet. He deceived the Nations because he claimed that no one could see God and live. It is the opposite, no one shall see God and die and all those who do not see God, will die in their sins. Faith comes by hearing the testimonies of the witnesses who have seen God.

Nobody knows the true God, if they did, they would be immortal, John 11:26. Religions are established by angels of God to prevent people from eating from the tree of life and living forever, Genesis 3:22-24. Yet anyone can see God and become immortal. But none seek God, not even one, Psalms 14:2.

God is visible, He never was invisible. Religions are serving a false image of God, therefore, are under the penalty of death. There are many false religious teachings, it is almost impossible to get at the truth. Even the angels in heaven have not seen God. The number of false teachings is infinite and there is only one absolute truth, the visible God.

Antichrist is against the visible incarnation. He will try to control people with the abomination of desolation, which is a false image of God. People must fall away from the Church first, before Jesus comes, so that the man of sin can be revealed. When God gives the commandment to leave the Church, the only ones left in it, will be the Antichrist. The Antichrist has been ruling the world and he controls the people to do his will by teaching lies. Antichrist is destroyed at Christ appearing.

The Antichrist builds Cities of delusion out of mens blood, DSS. If the lord has not built it, men labor in vain, Psalms 127:1. God sends His prophets to warn the Antichrist not to build Cities or God will cause hurricanes and earthquakes to destroy them. The Antichrist taught, that if God had the power to bring earthquakes he could heal those who were injured on the Job so he could build more Cities. The Bible says the preachers should practice what they preach. If the preachers says Jesus will heal injuries, go ahead and try him, by chopping his arm with an ax. If he still wants to preach Jesus heals after that, then it is his problem. All crime is caused by the Antichrist building material goods. If you have never turned to crime, it is because you have never been seriously injured. Over 40,000 people a year die in car accidents and over 30 people have died building New York's water system alone. How many people must die before stupid Mortals figure out building is not Gods will? It is the testimony of the vision of Jesus that destroys the Antichrist. If it was Gods will to build autos, streets and skyscrapers, then no one would ever be injured by building them and they would grow on trees.

The last two books of the Bible were addressed to Timothy. This book should be inserted in the back of the Bible. It is quite unfortunate that there will be many people who will not accept the Gospel of Timothy as the Timothy of the Bible. For these people will not accept Christ as the Christ of the Bible when He comes. Timothy is the one sent to prepare the path for Christ return. Timothy was the thirteenth Apostle of Jesus. This is why thirteen is an unlucky number to the masses. Some say that Timothy was to Judge the world at the end of time. He would bring the world of Mortals to an end. Paul wrote the letters to Timothy as if Timothy would be alive in the latter days, 2 Timothy 3:1.

If you do not at first live in darkness you cannot see the light. They say that at the speed of light, time stands still. Nothing moves at the speed of Light, so that everything that moves is part of the darkness. Everything that moves is moving slower than the speed of Light. If you have two rockets, one moving at the speed of light and one moving 1,000 miles slower than the speed of light, the one moving at 1,000 miles slower than the speed of light, will be the only one moving. It will be moving at 1,000 miles per hour. The light can only shine in the dark.

**The mystical cover of the Gospel of Timothy.**

The cover of the book is black and yellow,  
For the light of the sun was yellow and not white.  
The light sent the word into darkness,  
And anyone could see God.  
From the darkness  
Came the light of the Gospel of Timothy.  
From the light,  
God descended into darkness, and became flesh.  
And out of the darkness,  
Timothy Campbell saw the light.

## My True Story

When I was young, I was taught that someday I would get Married, have children, die and go to heaven. Doesn't anyone wonder why we die? Did anyone ever see anyone go into heaven? How do people know this? Were not supposed to die. I thought there must be another answer. People get their beliefs from Grandma. It's the spirit in all of us, that tells us, that were not supposed to die. Jesus said that those who believe in him would never die, John 11:26.

Seen the dead come back to life.

My first miracle was three days after my fourth birthday when my grandma Campbell died. They brought me into the funeral home and I saw her sit up in her coffin. They rushed me and all others out of the room and the funeral director and Priest told the rest of the people that this was just a reflex of nerves. I was too young to believe in death and didn't understand what a funeral was. I believe this is what brought her back to life and the people who believed in death killed her again. I found out later that the reason why they embalm people is to make sure they stay dead. The devil wants to make sure God does not resurrect the dead.

Seen if rain fish.

When I was really hungry, I sat on the grass wishing I had something to eat. I am from a large family the last born of ten. We were poor and food was hard to come by. Then the next thing I know it started to rain fish. I gathered some up to put in water to save their lives. When I returned there was no more on the ground. I didn't eat any, but I was full as if I did. When I told family members, they did not believe me. They made me believe that it was just my imagination. They think children just make up miraculous stories. I believe all children witness these types of miracles, but adults convince these children that they are just making these stories up. They were only dreaming about them or that they are seeing things. So children tend to forget about them. All I ask you to do is to think back to your childhood and see if you can remember seeing miracles, where adults told you you were just having a dream.

When I was twelve, I got a Job as a paper boy. While delivering papers I was attacked by a police dog that a costumer owned. When I went to my doctor, he would not see me. A different doctor came in. It wasn't until later that I found out that it was a government workers compensation Doctor. This was my first work related injury.

I went to Sterling Heights Senior high school in Sterling Heights Michigan in 1974. I took two study hall classes in the 10th grade. Several students and a teacher named David H, stood outside, where the second study hall used to be. The students and the teacher were wondering what happened to the study hall. I told the teacher I didn't want to go to study hall, so God called it out of existence. The teacher laughed and said that must have been what happened to the study hall and went back to his class. The rest of the student simply went to their next class. I didn't think much about this until years later. When I read in the paper about a lawsuit, where the school was suing the contractor. Because they paid for two study halls and only had one. This gives us an idea about God's power and how the world is more like the movie the matrix.

I was thinking about my eighteenth birthday, how I would have to sign up for the draft.

As I meditated, they canceled the draft. It was as if God canceled the war on my prayers. I remember the small voice that came to me in my meditation that there would be more evil, if the draft was canceled. What are we fighting for? Vietnam was meant to weed out the wicked. War is God's way of rooting out evil, those who love to fight are killed. The pacifists go to Canada. God's Judgment is Just. I guess war and earthquakes is the answer, to rid the world of the evil.

One hot summer day, while working for Detroit Bagel, we left the back door open and hundreds of frogs came in, it was Biblical. They disappeared as quickly as they came and nothing was said about it. I quit that Job when I almost severed my left index finger. They say that the hospitals report bagel injuries more than any other injury. Although injured from that job, I did not file for workers compensation. I simply went out to find a new line of work at Mayco Plastics in 1977.

My mother passed away in January 1978. That same year my brother in laws Dad was shot to death by his neighbor and my niece drowned in a swimming pool. She was only three years old. At Mayco, I got a Hernia from lifting heavy plastic tubs. I was such a good worker, they were ready to promote me to foreman. When I complained from pain from the Hernia, they fired me. Then they claimed that I was arguing with the supervisor. They sent me to the work clinic and they claimed there was nothing wrong. My doctor would not see me for a work related injury, he sent me to another doctor. Family doctors don't like to see people where a work injury or lawsuit may be involved. But I think it may be even a deeper conspiracy, where big business wants to make sure, nobody can prove a job injury. I did not file for workers compensation, even though I was injured from that Job. Instead I went to work in the Machinist field.

I went into depression thinking about life and how pointless it seems to be. As I laid in bed meditating, I saw an image of a face on my dresser, through the cracks of my eyelids. The image was in the grains of wood. When I opened my eyes wide to get a better look, the face disappeared.

That year I packed up a few clothes and started driving. I Left my home, family and even my last paycheck to find a deeper meaning to life. I usually don't pick up hitchhikers, but while driving a man held a sign from another car. I could not read it, so I pulled over thinking it was an emergency. The sign said he was going to Saint Louis, so I ended up giving him a ride. He asked me if I was going pass Saint Louis and I said yes and that is how we ended up in California. I knew in my mind, "if God existed," I was going to find Him or die trying. Not only did I want to talk to Him, I wanted to see Him and I felt this guy was my guide. When we got to California, we went our separate ways. He stayed at a boarding house in Long Beach, I went to Anaheim. I stayed at this weekly rate hotel. While at the hotel a man came up to me, he said, "I have no place to stay can I stay with you?" I was waiting for a hard luck story, to see why he was homeless. He just stood there, so I said no. He turned and walked away. If he had a good excuse for being homeless, I might of said yes. After thinking about it, I said out loud "all right, you can stay." But it was too late, he was gone. I saw Him disappear into thin air. I thought to myself, "that's not possible" and forgot about it.

Then I met a man that got me a Job at Kelly temporary service. I worked at a cannery. While on a lunch break a man sat next to me holding a Bible. I told him about the temporary service that sent me to different Jobs. He said that God sent him to all different jobs. He started to tell me about the Bible, when I got angry, he disappeared. Now I know that he must have been an angel of God. I got an injury at the cannery and was sent to the clinic and that was the end of that Job. The job related injuries were starting to mount up. If it was God's will to work and

build autos, streets and skyscrapers, then no one would ever be injured by building them.

In 1981, while driving home, I saw a light by the side of the freeway. The light changed into a form of a beautiful woman with blond hair. Then it changed into a figure of a man, with an angry expression on His face. It frightened me enough to pull onto the side of the freeway. While at the side of the road, thinking about what I had seen, a strange man got into my car. He was wearing a white sheet and barefoot. I said, "I'm sorry I don't pick up hitchhikers." He said, "I wasn't hitchhiking, Jesus will provide me with a ride." I did not know what to think. Then I asked if he wanted to get some coffee, he agreed. We stopped at a donut shop and I bought him a coffee and a doughnut. He had nowhere to stay but I could not take him back to my apartment. I had a roommate and didn't think he would let me bring home a stranger. So I let him sleep in my car and dropped him off at a restaurant the next day. He did not see the light and he had no message for me. Again I forgot about the incident and the vision.

About four years later, I was standing out on the balcony talking to my 12-year-old neighbor. The boy said, "look, that man looks like God." I said, "no they are just Jesus freaks, people trying to look like Jesus." The two men were talking to these three young girls who were staying at the hotel. They had long hair, wearing white robes and barefoot. When the one turned to look at me, I saw His face and I knew it was God. I said "
